1. There are 28 various combinations for gifts and personalities.

- 4 personality x 7 gifts = 28 combinations.
- These 28 combinations only combine your primary personality type with your highest Charismata gift.

2. People are a blend of personalities and various spiritual gifts.

- Most people are a blend of a least two personality types.
- Most people have at least three functioning spiritual gifts.
- This makes for an endless combination of possibilities.
- Different parts combine to make each person totally unique.

3. Learning your makeup helps find your PLACE in ministry.

- As you put the pieces together, you will know yourself better, which will help you find your PLACE in ministry.
- You should also be better equipped to understand/lead others.

Group Application

Combining Your Personality and Gifts

Consider your unique personality type and spiritual gift combination. Ask others in your group (preferably those who know you) what their view is of your combined type.

Discovering your unique combination should result in your spiritual maturity and proper placement in the Body of Christ. Why is this true and how should it take place?
