

**E. Four-Part Process of Lifestyle Communication.**

(Suggested teaching time: 10 minutes)

← Show Transparency 1-3.

This is the heart of the section and the module.

It is meant to introduce how to integrate the process of lifestyle communication into teaching and preaching.

The definition of the process of lifestyle communication provides an introduction for Sessions 3 and 4, where these concepts will be covered in detail.

1. **Observing** – allowing God to conceive His Word in your heart.
2. **Interpreting** – allowing God to grow His Word in your heart.
3. **Applying** – allowing God to mature His Word in your heart.
4. **Delivering** – allowing God to reproduce the Word of God through communication to others. [See Appendix 1]

← Refer group to Appendix 1.

This appendix can be used to help your audience further consider how Lifestyle communication differs from traditional communication.

**Discussion Questions for Session 1**

1. What are some negative consequences of only developing the reproducing or delivering aspect of lifestyle communication?
2. How would you explain that God's Word is living?
3. Explain how a lifestyle of communication with God enhances your delivery of His Word.
